Broward County, Florida**

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF POMPANO BEACH, FLORIDA, OPPOSING THE CONSTRUCTION OF THE CALYPSO LIQUEFIED PETROLEUM NATURAL GAS DEEPWATER PORT; PROVIDING FOR DIRECTION TO THE CITY CLERK; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Pompano Beach has been notified that Suez Energy North America, Inc. has proposed building a deepwater port, known as the Calypso Deepwater Port, off the Florida coast due east from Oakland Park Boulevard, which could consist of undersea terminals that receive liquefied natural gas deliveries from tankers and send the fuel through pipelines to South Florida power plants; and

WHEREAS, the environmental and safety issues and concerns associated with such construction are believed to be significant; and

WHEREAS, such environmental issues and concerns include those associated with the risk of substantial injury to reefs, marine life, fishing grounds and the Atlantic Ocean, but more importantly the significant risk of injury and damage to residents and visitors, occasioned by possible adverse effects upon the air and water quality if a leak, rupture or terrorist act occurred or if the force of a hurricane caused damage to the pipeline system; now, therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF POMPANO BEACH, FLORIDA:

SECTION 1. That the City Commission of the City of Pompano Beach, Florida, expresses its opposition to the construction of the Calypso liquefied petroleum Deepwater Port proposed to be constructed.
